

Stock Car Cyclopedia Volume One is A 100-page pictorial and technical drawing reference study of stock cars across America. ...there were roughly 100,000 stock cars out of 2,000,000 freight cars in the United States. That's about five percent, or five out of every one hundred cars. And the variation in the fleets of the stock car era? Huge. Whether the West, East, North, or South; stock cars could be seen on virtually any road.
