

The Collective is a gripping thriller from Christopher Golden, author of Tin Men, written under the pseudonym Jack Rogan. In a quiet community outside Fort Myers, Florida, a home invasion and murder draw a crowd of Feds. No one is aware that this killing is part of a vast, chilling conspiracy. After all, the victims were just an ordinary family. Former FBI agents Josh Hart and Rachael Voss spearhead the investigation, following a trail of seemingly accidental deaths. Then, in a tranquil Boston suburb, someone comes after the seven-month-old daughter of Gulf War vet Caitlin McCandless. Cait has combat training and knowledge of a shocking secret and she'll need both to save her daughter's life. Voss and Hart, searching for answers only McCandless can provide, soon find themselves up against far-reaching forces, but what truly startles them is finding enemies inside their own chain of command. In a race against time, power, and secrecy, Voss, Hart, and McCandless are about to come together around an explosive truth: In America, someone is waging war against children for the most horrifying reason of all.
